

SUCK IT AMERICA

America's dependence on oil is a threat to our national security and our economy. Growing demand and shrinking domestic production means America is importing more and more oil each year – much of it from the world's most unfriendly or unstable regions. We spend more than \$200,000 per minute – \$13 million per hour – on foreign oil, and more than \$25 billion a year on Persian Gulf imports alone. - **Natural Resources Defense Council**
